

GOVERNOR (1985#1992 : BANGERTER) [446]

WASHINGTON OFFICE RECORDS, 1985-1992

1 cu. ft. and 2 microfilm reels

DESCRIPTION: These are the records of the Utah Washington D.C. Office during Governor Norman H. Bangerter's administration. The office was directed by Kelly Murdock from 1985 to 1989 and by Deborah Turner from 1989 to 1992. The office existed to coordinate federal-state relations. The records document federal policies, projects, and funds which impacted the state. Included are correspondence, reports, testimony to congressional committees, news clippings, and background materials.

Major topics include the Central Utah [water] Project, environmental issues, land use, federal defense projects, and health and welfare reform. Most of the projects in the series involved federal funding to the state. Several also reflect state compliance with federal law. In some instances, the state lobbied the federal government to take a particular stance.

ARRANGEMENT: The series is arranged alphabetically, thereunder chronologically.

RELATED RECORDS: Series 12412, Chief of Staff Records, includes additional information on some of these same topics.

PROCESSING NOTE: The records were scheduled, classified, and transferred to the Archives in early 1994. They were archivally processed by A.C. Cone in March 1994. Original file headings were retained; unfiled material was interfiled. Files were then alphabetized. The records were microfilmed in 1995.
